MINES TO MEET ELEVEN WHICH HELD CADETS

New Mexico Varsity Squad Will Arrive Friday For Local Battle.

ROSWELL ELEVEN PLAYS MESILLA

In the course of its first real schedule since the school opened its doors, the Roswell Varsity State School of Mines football team will meet the University of New Mexico team Saturday afternoon at the high school stadium in what should be one of the best games of the entire season.

In facing the New Mexicans following the stiff game with the Roswell cadets, it is certainly an established fact that the Mines are not picking any easy marks, but intend to meet the finest team of the southwest. Roswell and the New Mexico varsity fought to a scoreless tie only three weeks ago and in view of the splendid showing of the Mines team last Saturday against the cadets, the students are more encouraged over the prospects of the team being returned victors over the visiting tribe.

The varsity team is however than Roswell, but is not quite as fast and has more experienced men on the roster, due to the return of a number of soldiers and sailors who served during the emergency.

Everyone Should Know.

Mines students have again adopted a widespread campaign to sell tickets for the game in order to meet the expenses of bringing the visiting team here. Each student has been assigned a small block of seats for the purpose of disposing of them to his friends, and it is hoped to pull out of the hole on this game. Last Saturday the athletic fund was hit quite hard when it failed to meet its expenses in bringing Roswell here, but the loyal football boosters of the school hope to make it up on the varsity game.

The high school Tigers are not behind hand in the least as the Roswell team is coming to town. The Las Cruces high school eleven is the first game. El Paso, this year, one of the best of the state and best high school teams in the history of the city and the student body is showing its interest by turning out in large numbers. In the upper valley school the Tigers will meet a speedy bunch of boys who have yet to meet defeat this season.

Cadets and Angles.
Friday afternoon at Mesilla, coach G. M. Fickinger's Roswell cadets, the Angles, Maj. R. H. Neyland who has officiated in practically all of the games at the stadium this season will referee this contest and will return to El Paso in time to be on hand for the Mines-University game.

A line on the work of the varsity team can be obtained from the following story in the Albuquerque Journal.

The University football eleven is fast getting into shape for the big game with the Agricultural college on the University campus Thanksgiving day. The team has already made a wonderful record, coating the drab backs they started out with at the opening of the season. Five of the men, it is reported, had never played

Freddy Church Is Real Star Of Harvard

F. C. Church

THE playing of Freddy Church, Harvard back, in recent games, makes it hard to conceive how this youngster can be kept from a regular berth in the backfield this year. Church combines with his speed and heady maneuvers in a broken field the ability to supply Harvard with high grade blocking punts carrying plenty of distance and high enough to permit even the linemen to get down the field after them.

The ranks of the University were depleted worse, perhaps than that of any other school in the state at the outbreak of the war. To say that they are coming back fast is putting it mildly. Grant and Claude Mann, Garphede, Adelstein, Melville and Glenn Rogers are showing up in fine form and it is believed that when the game is played they will be doing some very rapid work.

Fast work is what the University will have to count upon against the Angles, who have a much heavier and older team than the varsity eleven, but coach McGough and his squad are not daunted and look for the game to be one of the closest of the season. A week from next Saturday, the squad is scheduled to play the Texas School of Mines at El Paso.

Frankie Manila Taking It Easy

Frankie Manila, featherweight boxer, who was recently discharged from military service is taking it easy at Fayetteville, Ark., and will soon return to the ring for a go at the fastest man in his division. Manila writes The Herald sport editor that he is keeping in good condition and is really in the best of the featherweights in the southwestern district. Frankie has the reputation of being one of the fastest and cleverest little men in the south and is capable of putting up a good fight against any of them.

Benny Leonard To Meet Duffy

Lightweight champion Benny Leonard will risk his title at Tulsa, Okla., November 15, against Jimmy Duffy, the Lockport crack in a round battle. Big P. Tipton, an El Paso scenic artist, who is at present located in Tulsa, writes that the champion is expected to arrive there within the next day or two and that the fans of the Oklahoma city are keyed up to a high pitch of anticipation of his coming. Tipton was at the ringside when Harry Wills defeated Sam Langford recently and in a letter to The Herald sport editor, he declares that it was "some battle."

That Guiltiest Feeling

MANAGER MCGRAW HAS MADE PILE AND MAY QUIT BASEBALL GAME

By SAM CRANE.
NEW YORK, Nov. 11.—Manager John G. McGraw, of the Giants, is entering into no more business ventures that his friends do not expect to see him remain the leader of the New York Nationals more than a few years. When McGraw does retire as manager on the field the chances are that he can hit back his private box at the Polo grounds and reminisce with supreme satisfaction.

Will He Retire?
There is not a chance that McGraw will entirely sever connection with baseball as long as he lives. He loves the game too well for that. It has been his life long ambition to own the Giants. As he is now part owner of the club he has reached the goal of his desire, and will be a pleased man when he can hand over the management of the team to a worthy and capable successor. He wants to escape the many worries and excitements of the position of manager.

McGraw has fought his way to the front of the national game. His duties in attending that position have been strenuous as well as arduous. He has made enemies by his characteristically aggressive nature, but he has also made thousands of steadfast friends, who knew and know his sterling qualities and his loyalty to the game. He has been and is in many ways the most misunderstood man in baseball. He is a fighting player, a fighting manager, a fighting pitcher, a fighting catcher, a fighting shortstop, a fighting first baseman, a fighting second baseman, a fighting third baseman, a fighting outfielder, a fighting pitcher, a fighting manager, a fighting pitcher, a fighting catcher, a fighting shortstop, a fighting first baseman, a fighting second baseman, a fighting third baseman, a fighting outfielder.

SPORTOGRAPHY By "Gravy"

MAY I not suggest that a martial touch could be added to the gridiron battles by having them played with "tanks"?

NEWS TO MCGRAW.
A story was sent out of Boston the other day to the effect that the Braves soon would trade shortstop Rabbit Maranville to the Giants for a catcher, two infielders and a heavy hitting outfielder. When manager McGraw was asked yesterday if there was any truth in the yarn, he replied: "It's all news to me. I never heard of such a proposition and it's too early to talk about baseball for next year."

McGraw is a splendid feller, but a weather hitler, Arthur Fletcher, the Giants' snorer, seems good for at least one more season, and in view of his long and faithful service to the New York club it is generally believed that McGraw will keep him. The Maranville story would seem to indicate a busy winter for the baseball rumor factory!

GAVY TO BE BOSS OF PHILLIES.
Garry Cram is going to be at the helm of the Philadelphia National league club for two more years. Garry has just put his autograph on one of President Baker's contracts, and he has started right off by buying infielder Jack Miller from the St. Louis Cardinals. No matter what happens next season, Garry cannot outlive his luck, but he did it in the one just closed, as they are only eight clubs in the league!

Professional billiard players have moved into those high financial circles to which the income tax collectors give special heed. This was revealed as Walker, Coltrane, R. J. Tamada and Jake Schuster left New York for San Francisco, to continue their play in the academy games there. Also some of the facts came to light as to the rumormongers of the competitors who threatened to disrupt it. The three players named objected to a condition of the tournament agreement which provided for them being on tour for a week of special competition throughout the country. They had been receiving in excess of \$100 per day in the California academy. There was the certainty of higher pay and less exertion if they returned. All of which indicates that the top class billiard player is becoming one of the highest salaried artists devoted to sport.

CLASS IN SPORTOGRAPHY.
Answer—The first man to catch a ball up behind his back was R. J. Zolner of the Athletic club in 1813. Hicks was credited by many as the first man to do it in the country. The answer will be given to tomorrow.

EASTERNER WINS DOVE.
Milwaukee, Wis., Nov. 11.—Mickey Donnelly, Newark, N. J., lightweight, outpointed Jimmy Bailein, of Denver, in a fast ten round no-decision boxing bout here Monday night, sports writers agreed.

Dartmouth Fullback Shows Splendid Form

Zac Jordan

"ZAC" Jordan, fullback of the Dartmouth eleven, has displayed such splendid form in recent gridiron battles that football experts are already clearing him as All-American material. The sturdy fullback never fails to gain when given the ball and is sure to be used as the battering ram in the coming championship contest with Colgate.

Dartford of Brooklyn in an eight-round contest of the fourth regiment armory here Monday night.

Leonard weighed 131 1/2 and Dartford 136. Leonard raised punches upon his heavier opponent throughout the bout and took the honors in every round.

Logan Wins Dundee.
A wild swing that landed on the champion's head sent him to the ropes in the fifth round, but he recovered quickly and was back again, sending fast rights and lefts to Dundee's head.

McGowan of Brooklyn outpointed Johnny Dundee of New York in five of the eight rounds in their contest. Dundee, who weighed 132 pounds, two more than his opponent, adopted Dundee's jumping tactics and took every round with the exception of the seventh round by a shade. The last two rounds were even.

FOOTBALL IS A GAME ANCIENT IN HISTORY

Greeks, Italians and Gaelic Irishmen Played Games Many Years Ago.

IS GREAT FORM OF PHYSICAL EXERCISE

WASHINGTON, D. C., Nov. 11.—Football, which now holds the athletic stage in colleges and high schools, is considered a strenuous game, but the style of play in this generation is a mild and tame exercise as compared to the original forms of the sport, according to a bulletin from the national geographical society. The bulletin is described by J. R. Hildebrand in a communication to the society, which follows:

Very Athletic.
"Running, throwing, hitting and kicking are the fundamental operations of America's characteristic sports—baseball, football, tennis and golf. The people of this country are very athletic. All these athletes in order form."

"Landon Hildner, the Polynesian, the Eskimo, the American pioneers had games played by kicking a ball. Greeks played it, and the Roman cross, the Roman, derived its name from the Greek 'f' ball,' which is evidence that carrying the ball was practiced by them. With some of the most of the medical Italians played a game which seems the direct ancestor of the Anglo-Saxon college sport, Gaelic scholars point to a football game in Ireland before the time of Christ, and with considerable recent times. Gaelic Tuesday was as distinctly an occasion for football as is our Thanksgiving today."

"In old England football was even rougher than most sports of these hardy times. James I. thought it was 'too rough for ladies' and made able the users thereof. Henry VIII and Elizabeth ruled against it. Edward II frowned upon it for its interference with archery, and also because of its connection it aroused. In those times it was played in the city streets. A writer of the 15th century called it a 'devilish pastime' and charged it with 'leading to many and sometimes heinous, murder and homicide.'"

"The English football has become firmly established at Cambridge. It was over half the 19th century in Ireland. There, when all other sports were prohibited for archery's sake, 'only the great football' was exempt. William Jones was in Ireland in 1845. He found it on Shrove Tuesday. So many participated that few knew the whereabouts of the ball. An expedition, which set so long ago, was a rare in the American sporting world was adopted as a player was about to exit the stadium with which the ball of those days were stuffed and carried under his shirt to the goal."

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! You will prefer Camels to either kind of tobacco smoked straight!

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarette aftertaste or unpleasant cigarette odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!
